## **NORTH POLE PARADE** *Santa*

A grand design of Santa and 3 of his Elves, each with a musical instrument in their hand, joyously celebrating the Christmas Season. With the twist of a finger, you can wind up the music box in the back and it plays a musical rendition of "Jingle Bells"

# ROCKING HORSE *Santa*

This animated/mechanical piece is a uniquely charming design of Santa rocking a horse, while one of his Elves merrily rides along playfully. Great for an entry or sideboard where guests and family alike can appreciate it's magic!
